Q Do I need to move the furniture and cover items before the job begins?

A We always encourage our customers to move any furniture or items that they are concerned about; however for the most part, we will move as well as cover all exposed areas to insure total protection.

Q Is it cheaper for me to do a faux finish rather than wallpaper?

A The realization is that wallpaper has a "triple cost" factor: The cost of the wallpaper; the cost of installation; and the cost of removal. All together these amounts can be considerably more than a painted finish.

Q What are the benefits of doing a faux Finish verses wallpaper?

A With a faux finish you don't need to worry about visible seams, the separation of seams, or the discoloration of leftover glue over time. Most finishes are much easier to change and easily repaired if damaged. Faux Finishes also allow for more options in customization as any color, look or texture can be achieved.

Q Are these finishes durable?

A Yes! Faux finishes are as durable as any other painted finish with the added advantage that they can hide nicks, fingerprints, and imperfections. If you're looking to increase the durability of an area, just ask and we can present you with several options.

Q How far will Lillian's Paintbrush travel?

A We are licensed to work in the state of New Jersey and the City of Philadelphia. However, we have done many jobs at the Jersey shore and the surrounding suburbs of Philadelphia, as well as New York and Delaware. Lillian's Paintbrush is open to travel "just ask".

A Lillian's Paintbrush is fully insured and we would be more than happy to provide you with our Certificate of Liability Insurance.
