

## The Design Process

We offer a wide variety of premium home products and services through our design studio, Design-Muse. With thousands of fabric choices and an impressive selection of custom furniture, semi-custom window treatments, carpeting and lighting, we have the resources and the eye to help you elevate any space in your home.

To begin the design process, call our friendly office staff at (856) 222-0497 or send us an e-mail to set up a free consultation. Once we have an understanding of the project, we'll schedule a convenient time to meet in your home. Your name, address, phone #, and email address will be securely collected and protected from outside parties.

If you'd like to view a small sample of our fabric and design options before your consultation, we welcome you to visit [www.casafiora.com](http://www.casafiora.com) and [www.carolefabrics.com](http://www.carolefabrics.com). This will allow us to bring any fabrics you select along with us for a closer inspection, and gives us possible ideas for similar fabrics and a glimpse of your style to initiate further design ideas.

When we arrive for the consultation all necessary areas will be measured and initial fabric choices (if applicable) and design ideas will be considered. A quote will be e-mailed or a second free consultation will be scheduled to further refine choices.

Once the proposal has been approved a 50% deposit will be required. Fabrics, furniture and/or other home products will be ordered and the project will begin. Feel free to check the status of your project any time and communicate with us as much as you would like.

After installation, the remaining portion of the invoice will be collected. Check out our photo gallery for just a glimpse of what we can do. We know you'll love the final results and appreciate any referrals you can make to friends or family regarding your experience with our company.
